LUMIDOR

Storage for Everybody

Hand Boxes, Chests, Roller Cabinets, Truck Boxes, and Accessories

LUMIDOR

LUMIDOR VALUE . . .

Top Quality at Competitive Prices

Lumidor storage products — hand boxes, chests and roller cabinets — represent the best value for the investment.

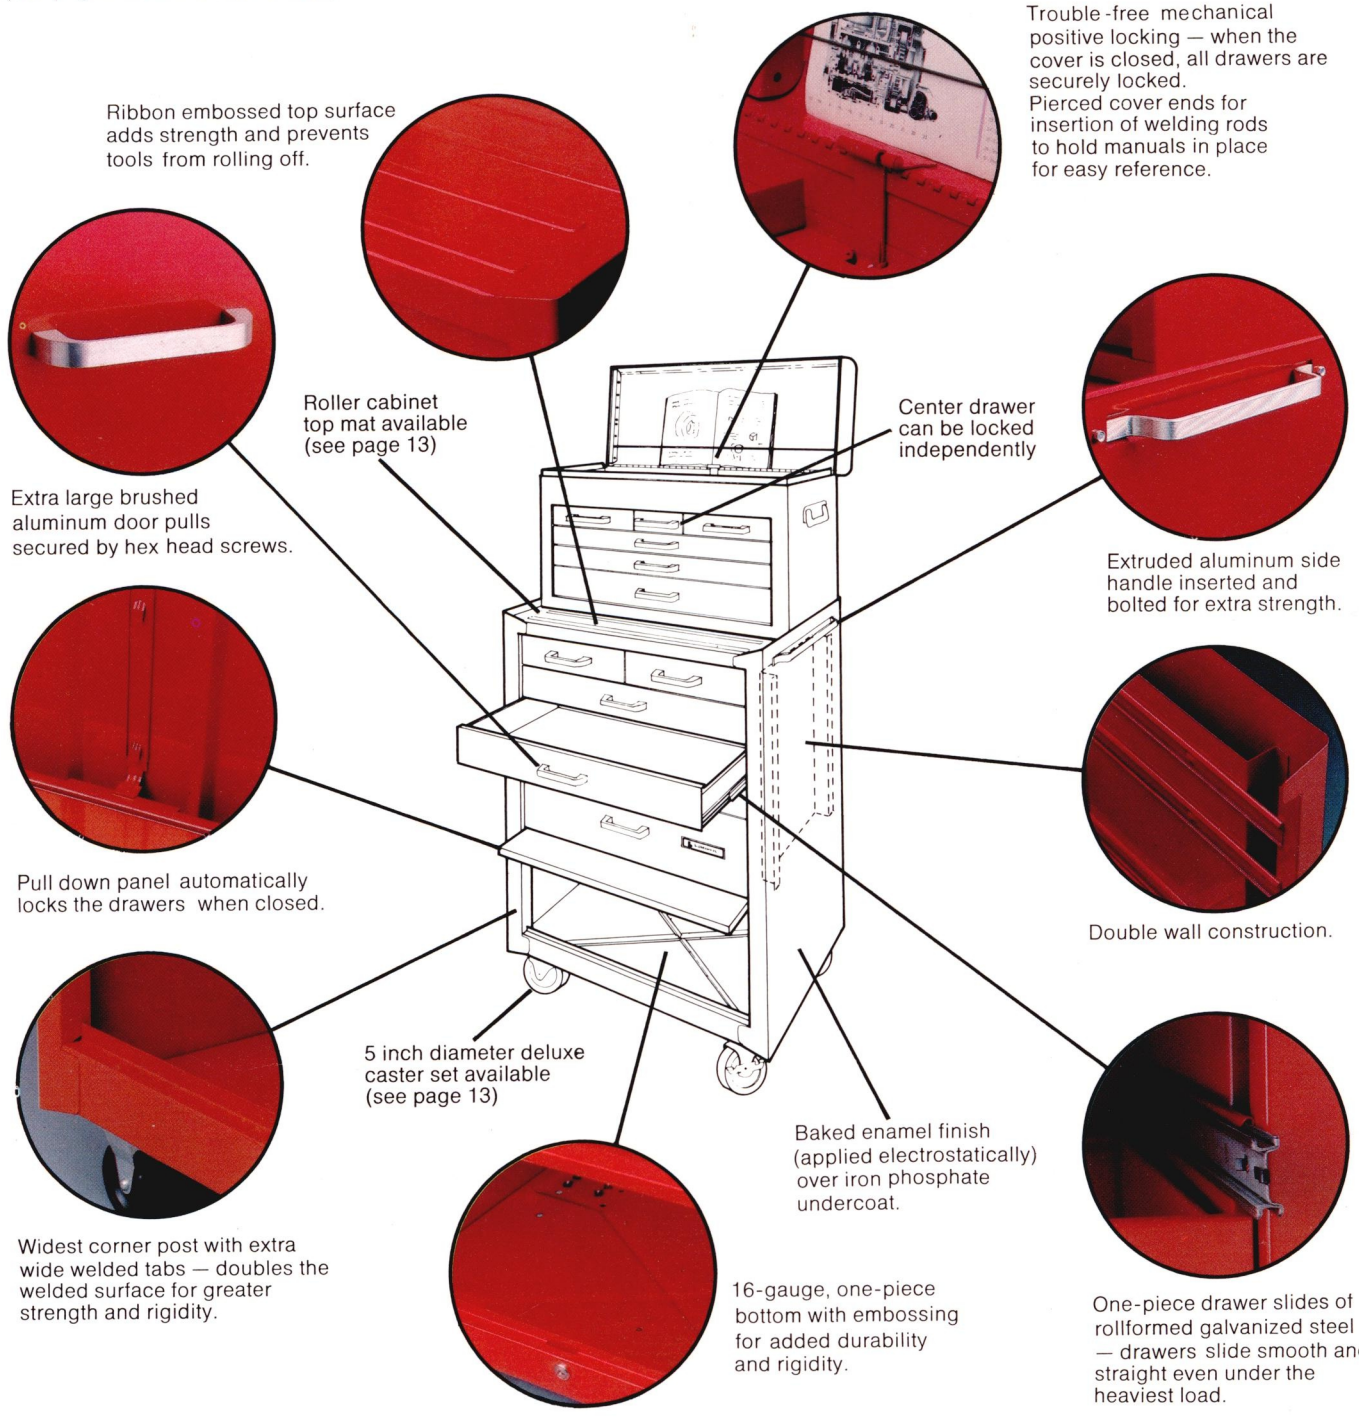
Lumidor's combination of quality features is without equal in the industry. Lumidor products have numerous design features that are found on few other storage boxes, regardless of price.

And, Lumidor storage boxes are manufactured with the most advanced techniques, using the most modern facilities, to produce a longer-lasting investment. Each item is individually inspected before packing to insure the highest quality.

Lumidor — tops in convenience, portability, durability and value!

Chest and Roller Cabinet Features:

(See page 2 for hand box features)



Trouble-free mechanical positive locking — when the cover is closed, all drawers are securely locked. Pierced cover ends for insertion of welding rods to hold manuals in place for easy reference.
Ribbon embossed top surface adds strength and prevents tools from rolling off.
Roller cabinet top mat available (see page 13)
Center drawer can be locked independently
Extra large brushed aluminum door pulls secured by hex head screws.
Extruded aluminum side handle inserted and bolted for extra strength.
Pull down panel automatically locks the drawers when closed.
Double wall construction.
5 inch diameter deluxe caster set available (see page 13)
Baked enamel finish (applied electrostatically) over iron phosphate undercoat.
Widest corner post with extra wide welded tabs — doubles the welded surface for greater strength and rigidity.
16-gauge, one-piece bottom with embossing for added durability and rigidity.
One-piece drawer slides of rollformed galvanized steel — drawers slide smooth and straight even under the heaviest load.

LUMIDOR

THE STORAGE SUPERSTAR

Variety, value, quality — Lumidor puts them all together. The leader in portable storage, Lumidor offers the unique combination of skillful product engineering and marketing expertise. The Lumidor line includes everything from handboxes to giant roller cabinets to truck boxes — a storage unit to fit the needs of everyone, from apartment owner to the most exacting professional. Through its automated manufacturing equipment and rigorous quality control, Lumidor provides superior construction and more value per dollar. And through its marketing assistance — including co-op advertising and on-floor merchandising aids and planning — Lumidor offers a total program to bring you greater profitability.

LUMIDOR PORTABLE STORAGE BOXES
To Keep Your Belongings Belonging to You

Lumidor offers the most complete line of portable storage boxes available. Each hand box has been carefully designed for specific demands. Anyone, from machinist to hobbyist, will find a combination of size, style, color and price to fit his exact needs. Lumidor's complete selection permits you to choose a hand box exactly fitting your needs and giving you the most value for your investment.

Lumidor storage boxes also have exceptional craftsmanship (see inside cover for further details). Of special note are:

FINISH

All boxes are protected by a bonderized undercoat and an Electro-static enamelized process, insuring a consistant, durable, weather-resistant surface.

COLOR

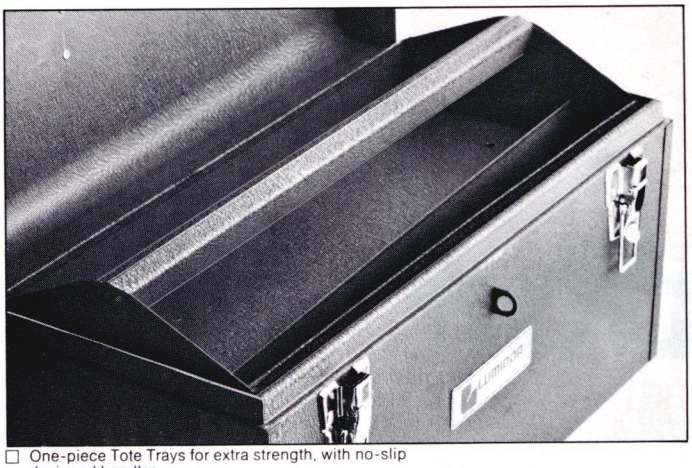
Popular home and auto boxes have bright red enamel finishes, while professional boxes have rugged black wrinkle enamel finishes that hide grease marks and scratches.

FEATURES

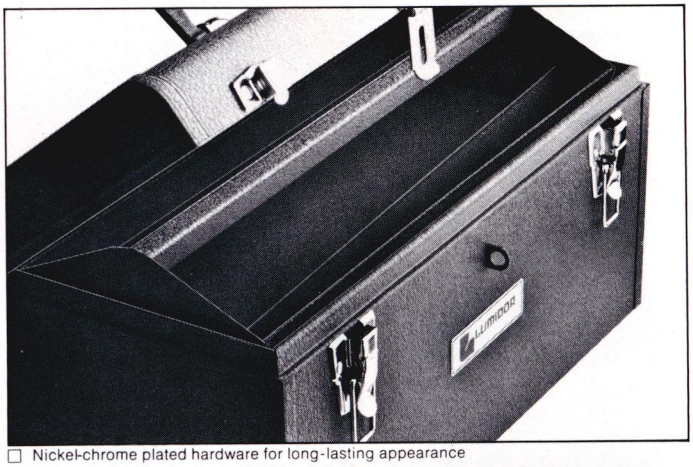
Top-of-the-line hand boxes have such professional-built features as:

- ☐ One-piece Tote Trays for extra strength, with no-slip designed handles
- ☐ Nickel-chrome plated hardware for long-lasting appearance
- ☐ Tray Support and Stiffener to allow for heavily laden tote trays
- ☐ Double Rolled Edges for extra rigidity
- ☐ Watershed-Hinge Cover for preventing water leakage
- ☐ Cap End Construction for extra strength
- ☐ Comfort-grip handles are used on all hand boxes.

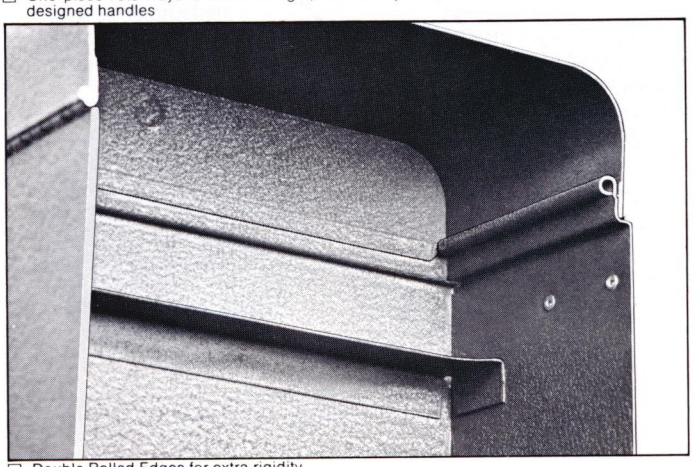
Lumidor puts it all together for people who need convenient, portable, secure and durable storage!



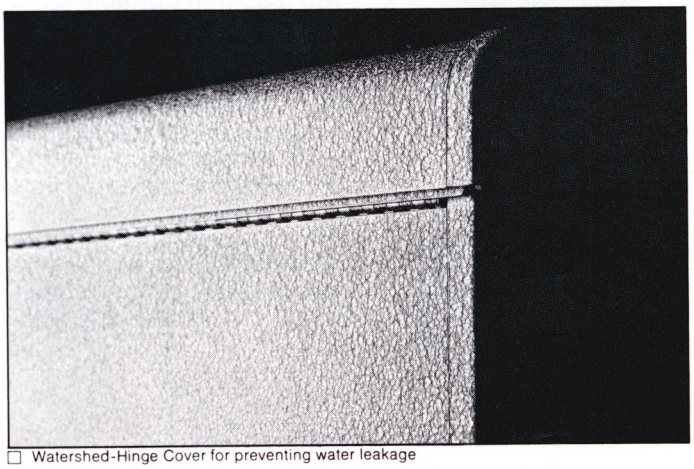
☐ One-piece Tote Trays for extra strength, with no-slip designed handles



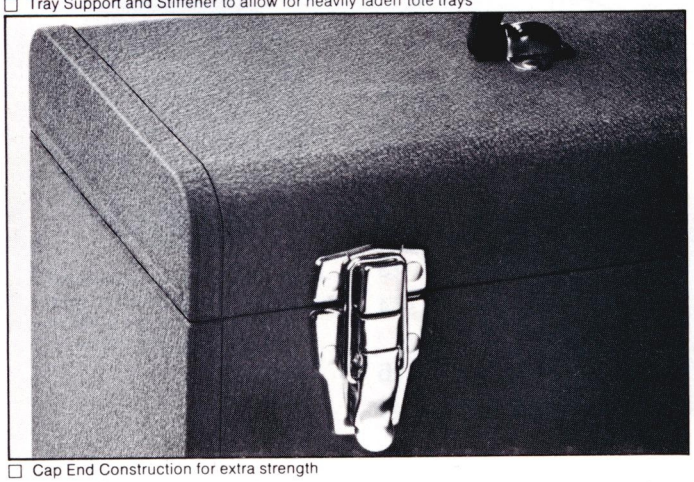
☐ Nickel-chrome plated hardware for long-lasting appearance



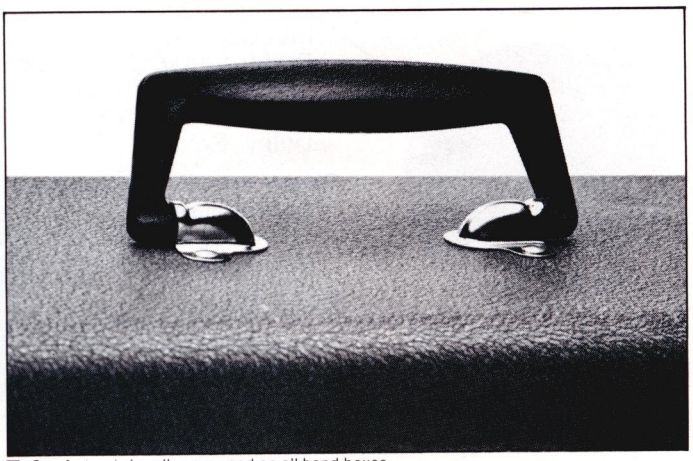
☐ Double Rolled Edges for extra rigidity
☐ Tray Support and Stiffener to allow for heavily laden tote trays



☐ Watershed-Hinge Cover for preventing water leakage



☐ Cap End Construction for extra strength



☐ Comfort-grip handles are used on all hand boxes.

525-R HIP ROOF TRADESMAN HAND BOX with TOTE TRAY

Ideal for the tradesman carrying bulky drills, long-handle tools or ¾" drive sets. Capped end hip roof design provides extra strength and roominess. Two positive catch draw bolts with steel hasp and staple for padlocking.

	L	W	H
SIZE	19¾"	7"	8"
PACKING	1 per carton		
WT. PACKED	10 lbs.		
FINISH	RED ENAMEL		

34 18" MECHANIC'S TOOL BOX with TOTE TRAY

The cross section and length ratio make this the strongest Lumidor box. Built for the professional, but priced for home use. This box is especially popular with the craftsman needing rugged construction, good capacity and the convenience of a tote tray with socket division at a moderate cost.

	L	W	H
SIZE	18"	8"	9"
PACKING	1 per carton		
WT. PACKED	11 lbs.		
FINISH 34	BLACK WRINKLE		
34-IB	BROWN WRINKLE		

42 20" MECHANIC'S TOOL BOX with TOTE TRAY

The number 1 choice of the professional mechanic. The 20" length will accommodate large wrenches, screw drivers — plenty of space for a variety of tools. Extra large tote tray with three compartments. The most versatile Lumidor model.

	L	W	H
SIZE	20"	8½"	9½"
PACKING	1 per carton		
WT. PACKED	12 lbs.		
FINISH	BLACK WRINKLE		

22-R 18" 2 DRAWER PORTABLE CHEST

Ideal for the budget-minded — from do-it-yourselfer to professional. Provides excellent tool separation for easy access. Bonus top compartment for tools or supplies. Rugged construction, with economical one-piece latch and padlock eye. Sparkling finish, perfect for home or shop.

	L	W	H
SIZE CHEST	18 1/16"	8⅛"	9"
SIZE TILL IN TOP	17½"	7½"	2⅜"
2 DRAWERS	16"	7¼"	2"
PACKING	1 per carton		
WT. PACKED	14 lbs.		
FINISH	RED ENAMEL		

44 20" 2 DRAWER PORTABLE CHEST with TOTE TRAY

Super tool separation for efficiency, coupled with portability of a hand box — making it a favorite of auto mechanics. Big 20" length to accommodate most tools. Includes a rugged tote tray with socket dividers, making it convenient to take your tools to the job. Extra large plastic-coated handle, black wrinkle finish and rugged construction add up to an outstanding professional value.

	L	W	H
SIZE CHEST	20"	8½"	9½"
SIZE TOTE TRAY	19⅝"	8⅛"	2¼"
2 DRAWERS	18"	8"	2¼"
PACKING	1 per carton		
WT. PACKED	18 lbs.		
FINISH	BLACK WRINKLE with RED ENAMEL Drawers		

24

24 24" MECHANIC'S TOOL BOX with TOTE TRAY

Extra strength for the most rugged everyday use. Two drawbolts, hasp and staple to secure and support the heaviest tools. Three-sectioned tote tray for easier accessibility. Preferred by truck mechanics, ranchers, plumbers, electricians, and heavy duty mechanics because of its durability and ruggedness.

	L	W	H
SIZE	24"	8⅝"	9½"
PACKING	1 per carton		
WT. PACKED	14 lbs.		
FINISH	BLACK WRINKLE		

31-IB

31-IB CARPENTER OR MAINTENANCE BOX with UTILITY TRAY

Extra long to accommodate saws, and levels. Knock-out in cover for squares. Special wood block under lid holds saws securely. Three heavily plated handles for easy carrying. Full length tray for extra capacity; heavy gauge construction.

	L	W	H
SIZE	32"	8½"	9"
PACKING	1 per carton		
WT. PACKED	17 lbs.		
FINISH	BROWN WRINKLE		

441

441 21" DOUBLE HIP ROOF TOOL BOX with TOTE TRAY (Replaces 41)

A conveniently sized G.I. style box for a variety of professionals — from farmers to roofers. The double hip roof, two-way open cover provides more space plus allows easy access. The extra strength steel handles for carrying heavy tools have the added advantage of a "no spill" design — you must grip both handles to lift the box. Heavy gauge steel tote tray with socket divider.

	L	W	H
SIZE	21"	8½"	7¼"
PACKING	1 per carton		
WT. PACKED	11½ lbs.		
FINISH	BLACK WRINKLE		

18

18 JOURNEYMAN'S TOOL BOX

Chosen by most aircraft mechanics, LP gas men and electricians because of the unique design. Incredible storage capacity packed into a small space. Deep and wide, with plenty of room for bulky tools. Extra strength provided by 3 steel straps welded to the bottom. Four cantilever trays, two with socket dividers and latching covers to prevent spilling and two with 5 compartments each. They move on heavily plated links to stay solid and smooth for years. High-pitched cover provides plenty of bonus storage space.

	L	W	H
SIZE	18"	10⅛"	12¾"
PACKING	1 per carton		
WT. PACKED	21¼ lbs.		
FINISH	BLACK WRINKLE with RED TRAYS		

28-R
29-R

28-R UTILITY & HOBBY BOX with TRAY

The unique design keeps this box lightweight yet exceptionally strong and rigid. Overlapped double top edges on sides and front are spotwelded together. Along with cap end construction, this is the most durable box in its price category. The parts tray is unobstructed for easy access and rests at the top, providing an extra 90 cu. in. of storage under the tray. Also includes black comfort-grip handle.

	L	W	H
SIZE	15"	6"	6½"
PACKING	6 per carton		
WT. PACKED	28 lbs.		
FINISH	RED ENAMEL		

29-R ALL PURPOSE UTILITY BOX with TRAY

Four inches longer than 28-R for storage of longer tools. Sturdily constructed, it will endure years of rugged use — making it one of the best dollar values on the hand box market.

	L	W	H
SIZE	19"	6"	6½"
PACKING	6 per carton		
WT. PACKED	33 lbs.		
FINISH	RED ENAMEL		

L-1500-R
L-2100-R

L-1500-R 15" GENERAL PURPOSE BOX with TOTE TRAY

Ideal for the amateur who needs tool storage but doesn't want to pay the extra price for the durabiliy of a professional box. The open-end hip roof design provides big capacity for the full size tote tray. Full-length piano hinge; positive-lock drawbolt with padlock eye.

	L	W	H
SIZE	15⅛"	8¼"	7⅝"
PACKING	6 per carton		
WT. PACKED	45½ lbs.		
FINISH	RED ENAMEL		

L-2100-R 21" GENERAL TOOL BOX with TOTE TRAY

Identical to L-1500-R, except 6" longer. No other tool box on the market offers as much storage for the price. It makes an excellent promotion item — and a real traffic stopper!

	L	W	H
SIZE	21"	8½"	9½"
PACKING	4 per carton		
WT. PACKED	41 lbs.		
FINISH	RED ENAMEL		

43-R

43-R ALL PURPOSE TOOL BOX with TOTE TRAY

The most popular general use hand box for shop, home, garage or car. Compact, inexpensive, but will withstand years of rugged use. Lumidor's least expensive box with professional quality construction. Features all spotwelded and cap end construction, watershed hinge, heavy duty carrying handle, tote tray and drawbolt.

	L	W	H
SIZE	17"	7"	7½"
PACKING	1 per carton		
WT. PACKED	7 lbs.		
FINISH	RED ENAMEL		

32

32 MASTER MECHANIC'S GENERAL HAND BOX

Deep and wide, this box has plenty of room for bulky tools. Four cantilever trays provide separation for easy access of wrenches, sockets, bits and parts. Two partitioned trays, one with socket divider. Also ideal for the handyman requiring an all-in-one tool and parts carry all.

	L	W	H
SIZE	17"	8⅞"	10"
PACKING	1 per carton		
WT. PACKED	12 lbs.		
FINISH	BLACK WRINKLE with RED TRAYS		

No. L-10 PRICE LEADER

THE box for those seeking the least expensive but most dependable "do-it-all" utility box. Seamless steel construction for extra strength, cantilevered tray with welded dividers for small parts storage.

	L	W	H
SIZE	13½"	6½"	5"
PACKING	6 per carton		
WT. PACKED	18½ lbs.		
FINISH	BLUE ENAMEL		

No. L-10SP UTILITY BOX

Identical to the L-10 except in *Decorator Colors* and packed in an attractive *display/shipper.* The sparkling colors — avocado, orange and gold — will spark *Impulse Sales* to a wide variety of customers.

	L	W	H
SIZE	13½"	6½"	5"
PACKING	6 per display carton — two boxes of each color		
WT. PACKED	19 lbs.		
FINISH	AVOCADO, ORANGE AND GOLD ENAMEL		

Note to the MERCHANDISER:
These decorator utility boxes are packed in display/shippers. Remove the top of the carton and allow the three colorful boxes to show for IMPULSE SALES APPEAL.

L-1900-R UTILITY TOOL BOX with TOTE TRAY

When a good price leader is needed, this box is a must! This ingenious tool box features watershed hinge found in more expensive boxes, plus sturdy metal handle for durability and tote tray with double handles.

	L	W	H
SIZE	19"	7½"	7½"
PACKING	6 per carton		
WT. PACKED	36 lbs.		
FINISH	RED ENAMEL		

14-R AUTO EMERGENCY KIT, UTILITY BOX, ARTIST BOX (Replaces 17R)

Great for use in autos, trucks and jeeps for storing emergency tools, parts and flares. The slim line design permits under-the-seat storage. Heavy-gauge steel, yet highly compact and lightweight. Plastic comfort-grip handle and latch.

	L	W	H
SIZE	14½"	7⅜"	3"
PACKING	6 per carton		
WT. PACKED	17 lbs.		
FINISH	RED ENAMEL		

T-100-R UTILITY TOTE TRAY

Good all purpose carrying tray for shop, garage, home or garden. Extra long tool carrier with high handle accommodates tall, bulky items and large repair tools.

	L	W	H
SIZE	20½"	9⅛"	5⅜"
PACKING	6 per carton		
WT. PACKED	23½ lbs.		
FINISH	RED ENAMEL		

For People Who Have Everything and Need a Secure Place to Keep It

Lumidor's complete line of chests and roller cabinets offers the quality, selection and competitive pricing sought by today's consumer. The demand for chests and roller cabinets is expanding more rapidly than any other tool storage unit as people are demanding more security, greater organization and separation of tools and supplies. Lumidor chests and roller cabinets — used separately or as the ultimate storage unit, the "combo" — fill that need. And, they have a scope and number of quality construction features unrivaled by other manufacturers.

Here's a brief summary why Lumidor chests and roller cabinets are number one in their class. (A complete listing of features can be found on the inside cover):

A CHOICE OF FINISHES

Lumidor has the only line of chests and roller cabinets with 3 color selections: black wrinkle with red drawers, red enamel and brown wrinkle.

A CHOICE OF STORAGE

Lumidor has a choice of 10 chests and 6 roller cabinets, allowing more than 50 possible "combo" selections.

(Some of the most popular combos are pictured on the following pages. Other combos may be created to fit specific needs.)

Side shelf SSR-2
(see page 13)

QUALITY DESIGN AND CONSTRUCTION

☐ Chests —
- Capped cover ends for strength
- Cover ends pierced inside to permit insertion of "weld rods" for holding publications, plans, specifications
- Heavy gauge steel tote tray with two socket divisions
- All chests have nickel-chrome plated side handles

☐ Roller Cabinets —
- Ribbon embossed slip-proof top surface
- Ribbed back for extra strength
- 16-gauge bottom with embossing for added strength
- Extruded aluminum side handle
- One-piece drawer slides of rollformed galvanized steel with U-channel top and bottom

☐ Chests *and* Roller Cabinets
- Baked enamel electro-static finish
- Extra large brushed aluminum drawer pulls secured by hex head screws
- Tumbler locks with two keys
- Rollformed edges
- Wide corner post with extra welding tabs on front corners for greater rigidity

THE NUMBER ONE MECHANIC'S COMBO — 46-BR/45-BR or 46-R/45-R *plus* 60-BR or 60-R, the popular step-up chest
(See specs on Pages 8 and 9.)

For the mechanic, the 6-drawer chest and the three-drawer roller cabinet combo provides ample storage space and tool separation to perform most jobs, all at an affordable price. The three-drawer step-up chest provides the growth space without the cost of replacing your top chest.

57-BR & 57-R 2 DRAWER ECONOMY CHEST

If cost is a factor, this is the unit! Undivided drawers and top compartment offer extra storage for larger supplies and tools. Great for organizing and securing tools for the professional and homeowner. Nearly 1800 cu. in. of storage space.

(Note: Accommodates T-120 Tote Tray)

	W	D	H
SIZE CHEST	26″	10″	11⅝″
SIZE TILL IN TOP	26″	10″	2⅝″

PACKING	1 per carton
WT. PACKED	32 lbs.
FINISH 57-BR	BLACK WRINKLE & RED ENAMEL
57-R	RED ENAMEL

58-BR & 58-R 2 DRAWER ECONOMY ROLLER CABINET with compartment

When organization, security — and low cost — are required, this is the unit. A 3½″ drawer for hand tools, 6¾″ drawer for larger tools and supplies and a 9⅝″ compartment for test equipment and bulky supplies. A pull-down panel covers the bottom compartment, automatically locks the drawers when closed and a tumbler lock secures the panel. A big 7,000 cu. in. capacity.

	W	D	H

58-R	RED ENAMEL

**Height includes casters*

THE BUDGET COMBO — 57-BR/58-BR or 57-R/58-R
A two-drawer chest and two-drawer roller cabinet with more than 8700 cu. in. of storage and security at a minimum cost.

54-BR & 54-R FOUR DRAWER CHEST with top storage compartment

Offers the greatest flexibility in storage space in the line! The top compartment and drawers are undivided allowing unrestricted storage of tools in 811 cu. in of area. For professional or do-it-yourselfer, here's a chest with the same storage space as units costing 16% more. More than 2700 cu. in. of storage space.

(Note: accommodates T-120 Tote Tray)

	W	D	H

54-R	RED ENAMEL

45-BR, 45-R & 45-IB 3 DRAWER ROLLER CABINET with compartment

Nearly 8500 cu. in. of storage — the industry's number one seller. Offers the most flexible storage space for a variety of tools, both large and small, plus supplies and equipment. A mobile work station at an affordable price for the new mechanic, serviceman or the do-it-yourselfer requiring tool organization and security. A pull-down panel covers the bottom compartment, automatically locks the drawers when closed and a tumbler lock secures the panel.

	W	D	H

45-R	RED ENAMEL
45-IB	BROWN WRINKLE

**Height includes casters*

A VERSATILE COMBO — 54-BR/45-BR or 54-R/45-R
This workshop on wheels — with more than 11,000 cu. in. of space — is a low cost work center for the average professional. Its low cost and storage capacity make it ideal for use in specialty work situations or in the home.

46-BR, 46-R & 46-IB 6 DRAWER CHEST with tote tray

The auto mechanic's number one choice. A total of 2734 cu. in. of space for maximum tool storage. Six drawers for easy tool separation. Till top has 4 divisions for frequently used items. Center top drawer also can be *locked independently* to preserve personal valuable or precision tools yet allow full access to other drawers.

	W	D	H
SIZE CHEST	26"	12"	15"
SIZE TILL IN TOP	26"	12"	2⅝"

46-R	RED ENAMEL		
46-IB	BROWN WRINKLE		

60-BR & 60-R 3 DRAWER INTERMEDIATE CHEST

The storage expander, with 1,473 cu. in. of space. It fits between our standard roller cabinets (26¾" wide) and 26" chests to provide extra storage. Drawers are secured with a pull-down panel with a tumbler lock — making it perfect for solo use in vehicles or specialty areas requiring minimum tool storage.

	L	W	D
SIZE CHEST	26⅛"	12⅛"	10¼"
3 DRAWERS	22⅝"	10⅞"	2⅛"

FINISH 60-BR	BLACK WRINKLE & RED ENAMEL		
60-R	RED ENAMEL		

52-BR, 52-R & 52-IB 5 DRAWER ROLLER CABINET

Same size as the popular 45-BR, three-drawer roller cabinet. Yet, this unit provides greater tool separation since the bottom compartment is replaced by drawers. Bottom drawer accommodates bulky power tools. If maximum tool separation is required, and large test equipment is not used, this unit offers the best value per invested dollar in the line.

	W	D	H
SIZE CABINET	26½"	18⅛"	33½"*

THE MECHANIC'S BUDGET COMBO
46BR/60BR/52BR or 46-R/60-R/52-R

The budget combo for the professional whose needs are primarily hand tool separation and power tool storage. Expandable since intermediate chest can be added later when more storage is needed. A total of 14 drawers, plus the top till with tote tray, provide ample storage and tool separation.

48-BR, 48-R & 48-IB 10 DRAWER CHEST with tote tray

The favorite of the "pro," with 3445 cu. in. of storage space. Excellent tool separation for finger-tip availability. The 6" center drawer is *independently locked* for extra security and can accommodate a ¼" drill or a ⅜ drive air wrench. A great long-term investment.

	W	D	H

Side shelf SSR-2
(see page 13)

47-BR & 47-R 6 DRAWER ROLLER CABINET with compartment

Designed to meet the needs of the heavy duty mechanic and the do-it-yourselfer for drawer storage capacity, tool separation and adequate space for test equipment and bulky supplies. The versatile space for years of dependable, convenient service. A pull-down panel covers the bottom compartment, automatically locks the drawers when closed and a tumble lock secures the panel.

	W	D	H
SIZE CABINET	26½"	18⅛"	40½"*

THE ULTIMATE IN FLEXIBLE STORAGE
48-BR/47-BR or 48-R/47-R

The second most popular combo in the line, great for storage of tools, parts, supplies and equipment. Conveniently separated for maximum efficiency and control. Buy this combo and chances are you'll never need to invest in another chest and roller cabinet!

64

64-BR & 64-R 6 DRAWER DROP FRONT CHEST with tote tray

This chest has a lockable panel completely covering the drawers. Watershed-hinge cover provides additional protection against water and oil. With 2751 cu. in. of area, it's perfect for the machinist, construction worker, welder, farmer or rancher who works under conditions where tools can be damaged by dust, water, machine chips or oil.

**Height includes casters*

THE HEAVY DUTY MECHANIC'S COMBO
48-BR/51-BR or 48-R/51-R

Great for the mechanic or maintenance man using a variety of tools, equipment and supplies requiring finger-tip access. It combines small tool separation in the chest with large, specialty tool and equipment storage in the cabinet. (See 48 chest specs on 48/47 combo.)

62-BR & 62-R 12 DRAWER CHEST

With 3,416 cu. in., this is the lowest priced per drawer of any chest. Designed for the pro who demands the ultimate in tool separation to maximize his productivity.

	W	D	H
SIZE CHEST	26"	12"	18¾"

THE MAXIMUM STORAGE COMBO 62-BR/61-BR or 62-R/61-R

The 24-drawer capacity provides maximum separation for both standard and metric tools. With this tool separation, it's easy to spot missing or misplaced tools immediately, saving you valuable time. And, this combo gives you this separation for less money per drawer than any other combo in the line!

56-R & 56-IB SUPER HEAVY DUTY EXTRA WIDE 33" CHEST with tote tray

The finest word in chests. Almost 6" wider than standard chests with extra heavy gauge steel, extra large drawer slides and extra ruggedness throughout — the ultimate in professional standards. The extra wide drawers provide the needed width for large specialty tools and accommodate the addition of metric tools.

THE JUMBO COMBO — 56-R/55-R or 56-IB/55-IB

The heftiest combo in the line — 18 extra wide drawers, enough to house all the tools the master mechanic, aircraft mechanic or maintenance mechanic requires. This is the ultimate in size, quality and professionalism. When the best is required, this is the answer.

922 SIDEKICK — THE THREE WAY STORAGE CABINET

Increase the storage capacity of your roller cabinet — or mount alone as a **wall cabinet**. Hangs on either side of roller cabinet with door facing to front or side. The back is pierced to permit bolting to any vertical surface. Also features: recessed top; reversible door hinges; magnetic door catches; adjustable shelves that can be mounted with the 1-inch lip up to serve as a tray or down to serve as a storage shelf. A great and versatile storage unit for home, factory or service center. Wherever extra secured storage of tools, parts, supplies is needed this is the unit to buy.

	W	D	H

Meeting the Special Needs of Industry

Lumidor has a separate line of machinist's chests, machinist chest bases and roller cabinets, each tailor-made for the extra special demands of industrial users.

To meet the particular requirements of the industrial sector, the Lumidor products in the line have these special features:

DURABLE FINISH

Each unit has a brown wrinkle finish, which better withstands the factory environment. The brown wrinkle conceals scratches, dust and grease, keeping the exterior professional.

MOBILITY

High-grade, heavy duty casters are used on all Lumidor cabinets. The 429 and 729 series roller cabinets have 5" heavy duty casters (2 rigid, 2 swivel with brakes), permitting easy movement even on the roughest surface.

EXTRA SPACE

Each unit has the extra storage demanded by the rigors of industrial use. Available are 29-inch roller cabinets to accommodate the extra-wide machinist chests and bases providing extra large work surfaces.

PROTECTION

To help protect precision instruments, machinist chests and bases have felt-lined drawers.

39-IB 7-DRAWER, 20" WIDE MACHINIST'S CHEST

The Industry Standard! The felt-lined drawers operate smoothly on full suspension, heavy duty slides. Cover has full-length piano hinge, and a tumble lock with positive catch drawbolt at each end simultaneously locks the cover and front pull-up panel. Comfort grip handle for easy portability. The drawers are felt-lined for protection of tools and instruments. Two sets of adjustable dividers are provided for tool separation.
